PROFILE

3D Environment Artist with 4+ years across AAA game development and freelance, including large-team development experience. Unreal Engine specialist in cinematic environments, VR and real-time games, with a strong technical edge in materials, shaders and pipeline always focusing on real-time optimization.

EXPERIENCE

Freelance Environment & Tech Artist

Independent · 2025 – Present

- Delivered 3D environments and technical-art support for clients including Sony and DAMM.
- Produced VR experiences, music video environments, and 3D models for real-time simulators in Unreal Engine
- Provided pipeline tooling and performance optimization across commissioned projects.

Environment Art Lead — Blackmouth Games

2024 – 2025

- Led the environment art team on Domenation, an open-world shooter in Unreal Engine 5 (1 open world map + 3 standalone maps).
- Defined asset standards, modular workflows and shader systems used across the team.
- Mentored team members and coordinated with design and tech to ship environments meeting visual and performance targets.

Environment Artist — Blackmouth Games

2022 – 2024

- Built modular environments, trimsheets and tileable PBR materials for AAA workflows in Unreal Engine.
- Developed custom shaders and material blending systems aligned with project art direction.
- Collaborated with design and technical teams on environment integration and real-time performance optimization.

Junior 3D Artist — Blackmouth Games

2022

- Modeled and optimized assets for game-ready quality and performance.
- Performed environment set-dressing through to final polish.
- Supported level art and technical implementation following production specs.

Intern 3D Artist — Secret6

2021

- Modeled and integrated props following technical specifications.
- Assisted senior environment artists in optimizing assets for real-time rendering.

EDUCATION

Master's in Environment and Props Creation for AAA Games

Voxel School · 2021

Bachelor's Degree in Video Game Design and Development

Polytechnic University of Catalonia (UPC) · 2018 – 2022

SKILLS & TOOLS

Engines: Unreal Engine 4 / 5, Unity, Marmoset Toolbag

Materials & Texturing: Substance Designer, Substance Painter, Quixel Mixer, Photoshop

Modeling & Sculpting: Maya, Blender, ZBrush, Houdini, Fusion 360, SpeedTree

Tools & Workflow: GitHub, Python, Notion, Slack

Languages: English(Fluent), Spanish(Native), Catalan(Native), French(Intermediate)
